Messrs. Lassiter and Murrell Will Not Down.

BILL FAVORABLY REPORTED

Will Not Conflict With Davis Shoe Company Contract-Countles to Tax Sale of Liquor. BHI Reported Making May 39th State Holiday.

Mossrs. Lassiter and Murrell are mak ing a game fight for their good roads measure, and Speaker Ityan and others are fighting the bill with equal vigor. The bill was recommitted, but quickly the Courts of Justice Committee again agreed to report it with the amendment that when there was apparent danger of the Davis Shoe Company's contract being violated, the Governor might order the convicts in the quarries back to the penitentiary. The patrons also submit-ted the question as to whether the bill was in conflict with the contract to Attorney-General Anderson, and he made

Attorney-General Anderson, and he made the following reply:

Office of Attorney-General of Virginia, Richmond, March 24, 1902.

Messrs, Lassiter and Murrell, Patrons of House Bill No. 501;
Centlemen,—I have examined House bill No. 501, "to provide for the employment of certain convicts in building, improving and maintaining public roads," cic., and have also examined the contract made by the superintendent of the penilentiary with the Davis Shoe Comjacy, with the approval of the Governor and the directors of the penitentiary, of date October 30, 1888, and beg leave to say that, in my opinion, it is entirely competent for the General Assembly to enact into law the provisions embodied enact into law the provisions embodied in said bill, notwithstanding the said conin said offit, notwithstanding the said con-tract; and that such a law would not be in violation of the legal or constitutional rights of the Davis Shoe Cempany under sald contract.

Very truly your

Attorney-General.
The bill will be reported to the House te-day, and the patrons are sure of its

passage.
The House Committee on General Laws reported favorably yesterday afternoon a most interesting and important bill, which was introduced by Hon. D. Hon, Charles M. Wallace, Jr., secured a unanimous report from the General Laws Committee of the House yesterday afternoon on his bill making Memorial Day in Virginia (May 30th) a State hol-iday. The committee, as well as Mr. Wallace, were besieged with letters from bank officers here and all over he State asking that the bill be reported favorably. It will doubtless pass by the House, as no expressions of opposition have been

The House Committee for Courts of Justhe light agreed to report adversely the Lill and joint resolution offered by Hon. John Whitehead, of Norfolk, to repeal the State's contract for the sale of Virginia reports to the Michie Company of Charlottesville. While there are some recommendations from the committee slightly modifying the contract, yet, as a whole, the contract between the joint Library Committee and the Michie Company Is virtually sustained.

The House Committee on Roads and Internal Navagation last night, after a long hearing for and against, was unable to gree in executive session on the bill for a bridge at Norfolk, above the Norfolk & Western bridge, to be built by the Norfolk Street Railway and Light Company. The Street Railway and Light Company. The matter was referred to a subcommittee to report this morning. The bill was fought with great earnestness for two hours and more before the committee.

The House Committee on the Chesa ake and its Tributaries, after a long aringg for and against last night, at which a number of oyster planters and longmen were present, decided to report adversely the bill changing the James River cull line. This was a victory for the tongmen against the planters. committee also decided to report two bills allowing the board of fisheries to take h and exclude from the Baylor survey bertain Eastern Shore ovster grounds se bills are similar to those defeated b the Senate yesterday.

From talk heard among the legislators tooks as if the stock of Mr. W. Fulton (Dem.), who is contesting son. Joseph Hibbetts (Rep.) for i seat in the House from the district of luchanan, Dickenson, and Wise, is stead-ly rising, and it appears exceedingly loubtful as to the result. Mr. Fulton apcars confident of victory, and General tufus A. Ayers, who was his chief coun-el, is certain the young Democrat will e seated. The contest is set for a spe-lal order by the House to-day. The eport of the committee is 7 to 4 in favor f Hibbetts, with two members not sign-ng. The majority report will be in charge W Mr. Heermans (Rep.), while that of pority is in the hands of Mr. S. iordon Cumming (Dem.). A number of he Southwest Democrats have indicated heir purpose to speak for Mr. Fulton.

There is much criticism in politica fircles of the tentative plan which has een agreed upon by the Senate Elections committee reapportioning the State into committee reapportioning the State into chatorial districts. Shenandoah is tack-d onto Rockingham, making the new dis-

last night delivered one of the most sting-ing sermons ever heard in this city, se-verely arraigning incidents and conditions which existed last Tuesday in Petersburg. the day of the Democratic primary in this city. His subject was "The Sin of Brib-ery." The sermon was delivered by request of many prominent citizens, mem-bers of other denominations and in the large audience that heard the sermon nearly all the leading candidates voted

for at this primary were present.

The foundation of Dr. Battle's sermon were the words "A wicked man taketh a gift out of his bosom to pervert the ways or judgment." The preacher first discussed bribery from the point of view of the Bible, and, quoting a large number of passages on this evil, showed that bribry was a sin first against God; second, against man, and third, against govern-ment. He was especially severe in de-nouncing the use of whiskey as a means. He declared that money might in the each ccomplish good, but that whiskey given to a man capable of being bribed was an unmitigated evil. His arraignment of the church member who far from the scene of debauch instructed the saloon-keeper to let whiskey flow like water for all will-ing to vote his ticket, was one of the most scathing ever heard in a Petersburg pul-

Under the head of crime against good Government, he declared it was essentially anarchistic, and in this connection handled the late primary with ungloved hands. He spoke of the danger involved in anything that lowered the moral tone of a commumity and said:

I declare in the presence of men and of angers that the scenes enacted in this city last Tuesday must not be repeated, if you would preserve the purity of your homes or live in the favor of self-renomes or live in the factor of services specting men or a righteous God! when votes are shamelessly sold, as it is currently reported, by the score; when a human being is first made drunk, then put upon a stand at auction and his vote thicket bidder it is time in sold to the highest bidder, it is time, in the name of things more precious than party harmony-in the name of decency, of morality, of religion, to call a halt!

He referred to the fact that the sale of votes is punishable by heavy fine and imprisonment and said that the plea that the primary was not a legalized election did not diminish the enormity of the crime, but only served to protect the

"I solemnly say," exclaimed Dr. Battle, "speaking for my people and speaking for my God-whom some men seem to forgotten-that if that is what a Democratic primary means let us have no more Democratic primaries forever! With the politics of the question, I have

The speaker did not hold the honorable candidates responsible, and, in fact, he was not attacking individuals, but was arraigning a sin because it was a sin. "I am exposing the moral enormity to public execration, and because it is new

It prepares the tissues, soothes inflammation and irritation, stimulates the enleabled organs and heals at the came time. It builds up the body gives it at the same time. It builds up the body, gives it strength, and restores the energy that is or has been wasting under the baneful suffering of diseased kidneys or liver.
